

Time Word Problems

1. The carnival sets off from the school at 1pm and it's expected to last for one and a half hours. What time will it finish?
2. Tim's plane arrives at the airport at 6pm. The flights lasted 2 and a half hours. What time did it set off?
3. Michael's friend Henry says he can come and play for 3 hours. He arrives at 10.30am. What time does he need to go home?
4. Some children are doing a sponsored walk. They must arrive back at school by 3pm. They think the walk will take them 2½ hours. What's the latest time they should leave?
5. I played football for an hour on Monday, hockey for 30 minutes on Tuesday, Basketball for 1½ hours on Wednesday. So far, how much sport have I played this week?
6. A special assembly started at 10am and finished at 11.30am. How long was the assembly?
7. The high school morning begins at 9am and finishes at 12.30pm. How long is their morning?
8. My favourite TV programme starts in 4½ hours. It's now 2pm. What time does it begin?
9. I play rounders for 30 minutes a day, Monday to Friday. How much time have I spent playing rounders in total this week?
10. When Finn went outside to play it said 9.30am on the clock. When he came back in it said 11am. How long was he outside?
