Y3 Using full stops correctly Task 3

1. Read the extract of the persuasive text below.

The Sumatran rhinoceros, also known as the hairy rhinoceros, is an endangered species. Although these types of rhinos were once quite numerous through Southeast Asia, there are now fewer than 100 remaining. Is this not strong enough evidence that something critical must be done to prevent this terrible trend from continuing? It is vital that we support conservation charities, which work to protect these glorious creatures and prevent them from becoming extinct altogether. I am certain that once you try to imagine a world with no rhinos, you will donate straightaway and play a special part in the conservation of these incredible animals.

2. After reading the extract, **check** that **full stops** have been used correctly and **choose** where changes have to be made.

Make the changes by rewriting out the extract ensuring that all **full stops** are correct.

3. Circle the incorrectly placed **full stop** in the sentence below.

Late that evening. I read a book before falling asleep.

4. Insert a **full stop** in the correct place below.

The classroom is so untidy I definitely need to help clean it up.
