The children in school continue to approach their learning with enjoyment and interest. It has been particularly lovely to see the Reception and Preschool children's reactions to the Bear footprints and overturned honey jar that they discovered on returning to school on Monday!

This week we have also had groups of children participating in an archery tournament and cycling festival. As ever the children have behaved and performed impeccably. A very well done to all who took part.

The ending of the week has been an extremely warm one! Many thanks to those parents who sent sunhats, sun cream and ensured that water bottles were provided.

Head of School

On Thursday afternoon 12 children from Key Stage 2 took part in two amazing archery competitions. It turns out we have some awesome archers!! Both groups came in 4th place in their competition which is fantastic, well done!!

Online Safety

Creepy characters, dangerous online challenges, songs or videos that aren't suitable for young children. When things like these begin trending online, it can be difficult to prevent children accidently stumbling across them – especially if they use a range of platforms, like online games, social media, streaming sites or messaging apps. A trend can originate in one online space and rapidly spread to other platforms or via chat apps. Please read the information below to help your child be 'smart' online.
