Parent Survey 2019

The school would like to seek the views of parents in order to celebrate and build upon what we do well and help to plan for future school improvement. The parent questionnaire is accessible online and is based on the survey Ofsted use when inspecting schools.

Your responses are very much valued in order that our forthcoming plans continue to take account of your views. They will be shared with parents once all have been collated and analysed.

You can access the online questionnaire by using the following link: https://www.smartsurvey.co.uk/s/04ZU7/

This is now open until Monday 4th November.

Please be aware that these dates are subject to change and other activities will be added into the diary. A feature of good teaching is to respond to children's interests as a topic or a unit of work progresses, therefore not all events can be planned too far in advance. Also, some activities – such as sporting fixtures and musical opportunities – only become available a few days/weeks before they take place. The school will always try to give parents/carers as much notice as possible about upcoming events, additional activities or diary changes.

For competitions organised externally when the school received the info this will be sent out to parents and we will give as much notice as we can. Spring Term events have not yet been released.
