

Laura Mullan - Vice-Chair

I have been a Governor since January 2020 and in September 2020 have taken on the role of Vice-Chair. My interest in becoming a School Governor at Bozeat Primary stemmed from being a parent at the school. Being a parent and working in education, I feel I can make a difference to the future of the school by supporting and contributing to enable the children to learn and grow. I have a 20 year career in Corporate Communications and have been working for The Open University since 2015. I feel working in an education sector helps my role as a Governor. I am proud to represent the school as **Early Years Governor.**

Lorna Moy - Chair

I've been volunteering at Bozeat Primary since my youngest child started in Reception. I was lucky enough to continue this whilst juggling a career within a global organisation from which I am now retired. My children have now all finished full-time education but my interest in primary education remains strong. I became a governor in 2014 and I am committed to raising the standard of education for the children attending our school. Gardening, reading and creative hobbies take up the bulk of my spare time. I am passionate about reading and comprehension and am proud to represent the school as **Literacy Governor.**

I joined the Governing Body in March 2021. My 17 year career within the Civil Service has seen me performing various roles but my passion lies within service delivery and ensuring accountability within that service. With 2 young children beginning their academic journey at Bozeat School, I felt it important to do what I could to encourage, influence and support the direction of the school and by doing so ensure the standard of education they receive is at its highest. I look forward to the challenges holding this position will bring and the accomplishments I know the school can achieve. I am proud to represent the school as

Personal Development Governor.

Terri Watts

William Thallon

I have worked in education most of my adult life, having taught and worked in a number of secondary schools from Dorset to Cumbria. I was headteacher of Wrenn School for more than 10 years and currently work for 'Herts for Learning' as a teaching and learning adviser, supporting a range of secondary schools throughout Hertfordshire. I have been a governor at Bozeat since 2015 and I am also Chair of Hatton Academies Trust, based in Wellingborough. Outside of the workplace I am an amateur musician, involved in many local musical performances over the past 15 years. I am proud to represent the school as **Maths Governor.**

Meet Our Governor Team

Katie Byrne

I am new to the role of being a Governor joining in March 2022. For the last 13 years I have worked for local Charity Service Six, moving through various roles over the years. The wellbeing and safety of children and young people is a real passion of mine. With my daughter being in year 1 at Bozeat School, I felt it was a good time to become more involved in the school community. Part of my current role at Service Six is Designated Safeguarding Lead so through becoming a Governor I hope to be able to share my professional knowledge and experience to ensure that the highest standard of Safeguarding is being maintained within the school. Along with sharing other professional knowledge to support the wellbeing and growth of the students in a key part of their educational journey. I look forward to taking on this new challenge and working with the other Governors to ensure growth and change within the school community and am proud to represent the school as **Safeguarding Governor.**

Ejemhen Esangbedo

I have spent a lot of my career working in international development and what is true in that space and indeed in the UK is that in order to get people out of poverty, education is key. Good schools and good teachers are instrumental in how children react to education. I have an 11 year old son who has gone through the primary system and is now in year 7. Professionally I have worked over the last 20 years in business development and income generation with experience in strategic organisational change and leadership. I am also an advocate for equality, diversity and inclusion with a particular focus on gender and racial equality. As well as being a governor at Bozeat (which I took up in March 2022) I am also a trustee of a rape crisis charity and a volunteer at Beyond Detention - a charity that works with asylum seekers in the UK.

Richard Chapman

I joined the Governing Body in January 2021. I am an IT professional with a 20 year career at a number of Government departments. I have a passion for STEM subjects and I volunteer at local schools and colleges to support IT learning specifically in coding. I have two children who attend schools in Northampton and I am a keen F1 and Northampton Town fan. I am proud to represent the school as **IT Governor.**

James Flynn

Joining the Governing Body in May 2021, I am a Year 6 teacher at Bozeat Community Primary School with 15 years' experience in the profession. As a proud father, I know how to enthuse and motivate young people and actively nurture opportunities to build confidence. Leading multiple subjects, (including English – Writing, Science and PE) I am determined to enhance whole school practice. As a valued member of staff, I listen to my colleagues and can execute new approaches effectively. I know that I am going to enjoy and compliment the role as **Staff Governor.**

Michelle Harrison

I have been a resident of Bozeat since 1993, and when my son attended the school until 2009 I took a very active part in FOBS, being Chair in the latter years. I was a Commercial Broker for 20 years but I had a change of direction and I worked as part of the Bozeat Playgroup team for a few years. This time in education and my belief in helping the community you live in, has led me to become a Governor of Bozeat Community Primary School. I am proud to represent the school as **SEN Governor.**
