Nene Valley Partnership
Excellence in Education

30th January 2020

Dear Parents/carers

Science Week – 9th – 13th March 2020

During week commencing 9th March we will be hosting 'Science Week' at Bozeat Primary School and we are all really excited!!

Most of the classes will have the opportunity to experience Space using Virtual Reality Technology, as well as this, teachers will be delivering additional practical based investigations in classes. The Year 5 Children will be taking part in a Science Event at Wollaston School, covering a range of activities with other pupils from the Nene Valley cluster.

In order to fund the planned activities for British Science Week, we are asking for a small contribution of **£3.00** to help make this a special week for the children. It's going to be EXPLOSIVE!!!

All of the contributions received will be gratefully received and go towards funding the events. If you are able to contribute please complete and return the reply slip below to the School Office by **Friday 28th February 2020.**

Many Thanks

Mr Flynn
Tigers Class Teacher
